THEME: As Regular Baptists we have been blessed with a legacy of doctrinal precision. This heritage uniquely enables us to declare the gospel of hope to the world around us- a saving power that has not diminished--and it equips us to speak both to the present and future with clarity. Join us this October as we encourage ourselves in the Lord about our mission, our message, and our fellowship!

We are pleased to welcome Mike Augsburger as our conference speaker. He has been the Lead Pastor at Soteria Church in Des Moines, Iowa since 2008. He also serves on the Council of Eighteen for the GARBC.

Soteria Church is reaching its community for Christ—seeing many souls saved. This is evidence of God’s hand and the church’s commitment to speak His Word with CLARITY & CONVICTION. Our world needs this message now more than ever—a message that still transforms the heart of man!
